

# **Bee Friendly Monmouthshire**

## **General Data Protection Regulations**

In line with the new GDPR, Bee Friendly Monmouthshire (BfM) gives notice that we intend to ensure the privacy of the data you have given us, under the Regulation's Legitimate Interests' section.

BfM takes your privacy seriously. We will use the personal information you have given us for the following purposes only:

1. To provide you with notice of meetings, activities, events and information that might be of interest to you.
2. To send out updates, newsletters or information that is relevant to you, in line with our Aims and Objectives.

BfM retains and manages information supplied by members, as itemised in the Promise Application Form, name, address, telephone number and email address. This data can only be accessed by authorised Executive Committee members and is password protected. At no stage will members' data be passed on to any other party.

Your data will be used in a way that you would reasonably expect and that will not adversely impact your privacy. We will protect your rights and interests with regard to their data.

BfM's Legitimate Interests are to inform you of activities, meetings, events, publications, web sites and documents that relate to our main objective, the protection of pollinators and their habitat.

We will therefore process data as necessary for the purposes of our Legitimate Interests, whilst protecting your personal information.

We will process (send you information), by digital means, as it is the most appropriate way to achieve our purpose. Due diligence will be applied to ensure individuals' rights and interests are proportionate, fully considered and protected.

If you are at a public event where we are exhibiting, we may take photographs that include you. These might be used on our website and in our newsletters to members to publicise what we do. If you object, please let us know at the event.

If you object in any way to your data being held by BfM, you should inform us and we will cease using it forthwith.

BfM will review its "Legitimate Interests' Notice", when there are any changes in the purpose, nature or context of the processing.
